

# Nursery – Our Curriculum Offer 2023-2024

This EYFS Curriculum has been made in conjunction with the EYFS statutory guidance and with reference to development matters. It is a working document, and therefore themes / topics may change slightly depending on the children's interests and fascinations. We want the children to experience purposeful learning opportunities that reflect things that are happening in the real world. We will provide essential knowledge, through these experiences, that children will need to prepare them for future learning.
