Viking Day - Year 5

We are very excited to be welcoming Erik Eriksson (Warrior, Trader and Story Teller) back into school from the Longship Trading Company into our school.

Our topic for next half term is Vikings and this day will offer an amazing opportunity to find out what life was like at this time. Viking Day will be on Monday 13th March and will be held in school. This will mean that the children will have their lunch in school as normal.

Erik is going to come and work with the children for the whole day. They will have the opportunity to look at a huge range of artefacts including some weapons and to try on various different pieces of clothing as well as having the chance to ask questions. They will also enjoy a coin making demonstration.

The cost of this exciting day will be £8.30 per child and payment for this is required by Monday 8th March via ParentPay.

If you have any concerns regarding payment please contact either the office or the class teacher and they will be happy to help.

Year 5 team.
